Our most important task at Pocklington is to maintain a supportive environment where pupils can explore, learn, grow and make mistakes in a community where they feel happy, safe, relaxed and yet purposeful in their learning.

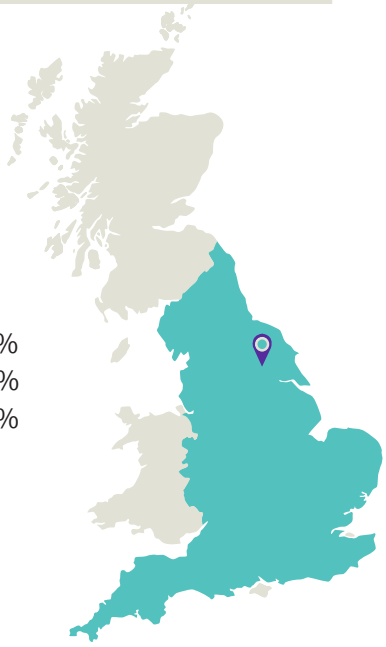

This approach means that our pupils have the confidence to take on a wide range of academic, creative and sporting activities, alongside teaching that encourages curiosity and personal initiative to make learning enjoyable. The Pocklington School was founded in 1514 and is one of the oldest schools in Britain. The school is only 12 miles from the historical and cultural city of York.

The school pursues the highest standards of teaching quality and provides students with a wealth of teaching resources so that they can develop their potential. Pocklington has a small class teaching model with less than 20 students per class. Safe and comfortable accommodation, high-quality dormitory facilities and a warm family atmosphere means that the students feel at ease to study and live.
