Hendon Preparatory School is an independent, culturally diverse school with a friendly family atmosphere, small class sizes and outstanding results.

At Hendon Prep, children benefit from an excellent teaching environment which follows a traditional academic programme of study. Individual tracking ensures that the strengths of every child are integrated and that each is challenged at an appropriate level. A clear focus on self-esteem enables students to develop the confidence they need to achieve their best across the curriculum. Hendon Prep is an established school, small enough to give each child the attention they need in order to flourish. Our guiding principle is that every child follows their own development path and can grow at their own pace.
