## – YIJIA

# GATEWAY

## EDUCATION

Yijia is currently studying her GCSE's as part of Wellington school's one-year education programme. She is a very good Mathematician and her most recent report received the equivalent of a top A grade. Her dream is to continue to a top university in the UK to study Economics. She will be continuing her studies in the UK, beginning her A Levels in September.

My guardian Marc is a nice person, optimistic and outgoing. He could be a good brother who understands me well. In my opinion, he is very responsible, caring, patient and concerned about us. He visits his students frequently compared to the guardians of my classmates and friends in the school. He also cares about our school life. In my opinion, sometimes he is a bit of a strict teacher, and supervises and urges me to learn well, we have a good relationship and he understands me well. When I am unhappy or having conflict with others, he always helps me to solve the problems and enlighten me, sometimes he also can be a very good friend and we can crack a joke together. It's my pleasure to have him as my guardian.

YIJIA

Yijia works hard in lessons and has made a lot of effort since she started her programme. Her skills in English have improved considerably and she is becoming more and more confident as a result of her experiences here. Yijia is very considerate of others and has built close relationships with both the students and teachers at her school. I know Yijia will continue to do well in her studies.

MARC

### EXAMPLE GUARDIANSHIP SUPPORT FROM GATEWAY EDUCATION DURING TERM:
