

GUARDIANSHIP FOCUS — SHENGRU (EVERETT)

Shengru (Everett) currently attends Cass Business School, one of the world's top business schools, studying Actuarial Science

When he was young, Everett dreamed like many boys of being a famous athlete. He loved basketball and believed that by being hardworking in the sport he would find success. When he injured his back, he didn't let this stop him, after recovering from a serious operation and completing his first year of study overseas, Everett found a new inspiration – Mathematics.

Everett has been lucky to have been supported by two of our dedicated guardians for each of the years he has been studying in the UK, and he has equally positive experiences with both.

Henry and Kate, as my guardians from Gateway for the past two years, have provided wonderful **help, support and advice** on my study as well as my daily life.

I always consider Henry a very responsible guardian. He gets along very well with every student and is very efficient in dealing with any issue. As our guardian, he tries his best to come up with the perfect solution for every issue and is very reliable. Besides, I, personally got academic advice from him, which helped me significantly in choosing my subjects.

Kate has been my guardian for a whole year. I think she is a guardian who pays attention to detail. She always shows care to students' daily life. For example, after booking the taxi for us, she always confirms with us if we get the taxi successfully, which shows her carefulness. Besides, she also deals with issues very efficiently and effectively. She always takes immediate actions to solve problems.

With the help and support from Gateway Education, after 2 years, Everett's hard work paid off and he received offers from Cass Business School, University College London and University of Leeds. He chose to go to Cass Business School.

HENRY

Everett is an independent and knowledgeable student with an excellent working ethic. He always works hard and is determined to learn and grow. He is very organized, optimistic and extremely driven. His English was at an average level when he joined Gateway Education, but after a lot of hard work he has achieved an IELTS of 8, which is a great accomplishment. He is always seeking to improve and takes on advice to further his progression. It's been my pleasure and honour to be his guardian and I am proud to see him entering the university of his choice. Well-deserved Everett!

KATE

Everett has always had a clear goal and he has worked very hard to achieve his objective of entering the top business school in the UK. His English level is one of the best among our Chinese students. He has become more confident throughout his time with us at Gateway Education and looks to solve problems himself but is also happy to ask for advice. Everett is very thoughtful when communicating with his fellow classmates, which is a valuable life skill to have learnt. Wishing you good luck at university and beyond Everett!

EXAMPLE GUARDIANSHIP SUPPORT FROM GATEWAY EDUCATION DURING TERM:

TIME	ACTIVITY
Pre-arrival	Pre-arrival advice, transport arrangement & Airport assembly point
First visit	Accompany student to host. Assist with 1st day registration at school
Regular visit	Monitor student's wellbeing through visits, phone calls and WeChat
