Fine Arts College was established in 1978 with the aim of giving equal importance to the creative as well as academic subjects

We believe that excellence can be achieved in all areas through encouragement, a focus on a student’s talents and aspirations, and above all the education of the whole person. Our achievements in the visual arts, music and drama are as exceptional as those of our academic subjects.

Our students are taught in small classes and have excellent pastoral care overseen by individual personal tutors. This ensures an outstanding examination pass rate and successful entry into higher education at a variety of British, American and European universities.
