We develop thoughtful, motivated and responsible young people with a global outlook.

Our pupils are excited by the challenge of learning; we help them to thrive and find their own path to happiness and success through the range of opportunities presented by the Mill Hill School Foundation. The four schools of the Mill Hill School Foundation are set in 160 acres of beautiful grounds, with woods, fields and sports pitches as far as the eye can see. Central London is only 10 miles away, but you would never know it.

The purpose of the school's teaching is to provide students with a wide range of courses and enable them to develop academically, culturally, physically and socially, and become leaders with a sense of responsibility. The school welcomes the participation of overseas students, in order to provide the best education for overseas students of varying degrees, a new international student campus was established near the main campus.
