## Reddam House Berkshire is the flagship UK school of the successful Inspired International group.

Set in 125 acres of wood and parkland, housed in a magnificent mansion building we offer an unparalleled opportunity for your child to experience a fresh approach to education. We offer a fresh and contemporary approach to education by re-evaluating traditional teaching methods and curricula, and creating a more dynamic, relevant and powerful educational model.

Throughout the school our emphasis is on independence; we expect our students to work hard in the belief that success is in his or her own hands.

Academic success is just one area our students thrive, we offer your child abundant opportunities to take

part in a wide range of academic and co-curricular activities and rather than trying to 'find' their talents and interests, our students are encouraged to 'create' themselves and develop new competencies preparing for a world that requires courage, resilience and flexibility.

But most of all, your child's time at school should be happy. We believe that our vibrant learning environment comes from complementing the academic and co-curricular strengths with the three 'Rs' of pastoral care: relationships, respect and responsibility. We are proud to be a school where each student is valued as a unique individual and receive carefully considered nurture, support and advice at each stage of their school career.
