Our schools are uniquely structured to provide tailored and personalised education at every level.

Boys and girls are taught together at junior school, separately at senior school and together again in the sixth form – the Diamond Structure. Teaching and learning are at the heart of the Stamford Endowed Schools. We aim to equip our pupils with the qualifications and skills needed to unlock all of life’s possibilities.

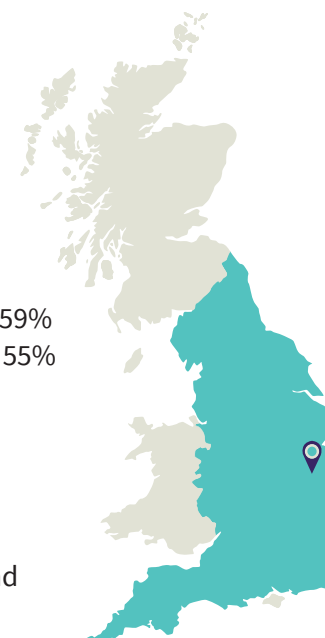

Highly motivated students, dedicated teachers and small class sizes ensure the schools consistently achieve strong exam results at both GCSE and A-level, with the overwhelming majority of leavers going onto their first-choice university. By making education enjoyable, exciting and inspirational, a true love of learning is fostered, which will stand pupils in good stead for the rest of their lives.
